

Stainless Steel Hand Sinks

For a high-quality, economical stainless steel hand sink...

Foot Operated

Knee Operated

Hand Operated

Need a long-lasting hand washing sink? **FabWright Inc.** offers a hand sink for every wall- or floor-mounted application. All sinks feature 304 stainless steel #4 grade finish which gives you easy cleaning and low maintenance. Each sink is hand fabricated and welded so that the stainless steel retains its integrity throughout its life — no thin spots as with drawn sinks. Each sink comes with either hand, knee or foot valves, gooseneck spout, basket drain and wall mount bracket where applicable. Available in custom as well as standard sizes. **FabWright Inc.** meets your specifications.

The Choice Is As Easy As One, Two, Three
