

Trimwaste Disposal

FabWright's Most Popular Trimwaste Disposal System

Model K-100-8 Trimwaste Disposal System

Shows with optional Pre-rinse with add-on double-jointed swing spout. Standard unit includes two pre-rinses with wall-mount brackets and one 14" swing spout faucet.

The model K-100-8 is our most popular Trimwaste Disposal System with more than 3,000 units in operation. A variety of seafood and vegetables can be soaked, trimmed, rinsed and the waste disposed of simultaneously. This multipurpose, 3-compartment, 2-drainboard sink meets all of your preparation requirements. The state-of-the-art K-100-8 features three poly cutting boards for fish and vegetable preparation, poly board storage rack, heavy duty FabWright inc. disposer and a wash-down trough to the disposer for fast disposal of waste. The "System's" sleek appearance makes it an excellent choice for customer service areas in supermarkets and retail outlets. It comes completely pre-plumbed, pre-wired, pre-assembled and pre-tested for fast and easy installation.

Fast, Clean, Safe and Efficient!

DISPOSE OF...

- Artichoke, cabbage, lettuce leaves
- Cauliflower butts
- Fruit rinds and pits
